

Chapter 5.32

CABLE TELEVISION INSTALLATION REQUIREMENTS

Sections:

532.010 Trenching and backfilling required where.

532.020 Responsibility for costs.

532.030 Coordination of underground installations.

532.040 Plans and specifications.

5.32.050 Violation—Penalty.

5.32.010 Trenching and backfilling required where.

For all new mobile home park developments, apartment developments, subdivisions contemplating residential use, shopping centers, industrial parks or other commercial uses, a mandatory condition of any necessary approvals or permits applicable thereto shall be the performance by the owner or developer of any necessary trenching and backfilling for the installation of any cable television service, including the furnishing of any necessary backfill material which may be required. (Ord. 346 § 1, 1985)

5.32.020 Responsibility for costs.

The developer or owner of the real property being developed shall provide at no cost to the CATV franchisee the necessary trenching and backfill only. All other costs and expenses shall be borne by franchisee. (Ord. 346 § 2, 1985)

5.32.030 Coordination of underground installations.

The providing of the necessary trenching and backfilling shall at all times be coordinated by the trenching agent for the particular development in order that the trenching, installation of the CATV hook-up facilities and the backfill shall be coordinated with any other underground installations required in the particular trenching, in order that the entire trenching, installation and backfilling shall be completed at approximately the same time, and no open trenching left standing on the real property so as to create a hazardous situation in connection therewith. (Ord. 346 § 3, 1985)

5.32.040 Plans and specifications.

The CATV franchisee shall provide the necessary plans and specifications and shall install the facilities required and certify to the city prior to final approval of the particular subdivision or development that the facilities required for the CATV hookup installation have been properly installed. The city shall have the right to review and also require its prior approval of any maps and specifications which may be provided by the CATV franchisee to the developer or property owner. The city shall also have the right to demand immediate filling of any open trench should the city determine that a hazardous situation exists on any real property. (Ord. 346 § 4, 1985)

5.32.050 Violation—Penalty.

Any person violating any of the provisions

of this chapter shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished as provided in Chapter 1.08 of this code. (Ord. 346 § 5, 1985)
