BMR Plus Housing Program **City of Ripon**

City of Ripon BMR Plus Housing Program

BMR Plus Housing Program Policies & Procedures

Adopted in May 2016, the Below Market Rate Plus Housing Program (“BMR Plus Housing Program”) provides opportunities to homebuyers who meet the Federal Housing Administration (“FHA”) lending limit requirements as outlined in these policies and procedures which provides a more affordable path to homeownership in the City of Ripon.

The BMR Plus Housing Program allows homebuyers to purchase eligible BMR Plus Housing program homes at a price not exceeding the upper FHA lending limits for San Joaquin County plus a 3.5% down payment, and provides down payment assistance for qualified buyers.

The BMR Plus housing program contains 2 main elements:

1. Qualified applicants are allowed to borrow funds for down payment assistance from the City of Ripon’s Affordable Housing Fund up to 3.5% of the upper FHA lending limit. The down payment assistance is considered a loan and shall be paid back pursuant to the requirements of the Affordable Housing Program ordinance (Ripon Municipal Code Chapter 16.194).
2. When the market value of the home exceeds that of the upper FHA lending limit, then the BMR Plus buyer will be required to sign an equity recapture agreement with the City of Ripon. This agreement shall require the BMR Plus Buyer to repay one hundred percent (100%) of the difference between the actual sales price of the unit at time of purchase and fair market value of the unit at time of purchase (“City Subsidy”). The City Subsidy shall be considered a “silent loan” on the home. The City Subsidy is a deferred loan, therefore no payments are required and the loan shall not accrue any interest. The entire amount of the City Subsidy shall be paid back to the City of Ripon upon sale or transfer of the home or if there is a default of any of the program requirements. The BMR Plus equity recapture (the “City Subsidy”) will be secured by a recorded Deed of Trust and Resale and Refinancing Restriction Agreement.

- ◇ First priority will be given to eligible households who either reside or work within the City of Ripon’s zip code or the City of Ripon’s planning area as defined in the Land Use Element of the General Plan..
- ◆ Residency. For the purposes of the BMR Plus Housing Program, an applicant will be determined to live within the City of Ripon if the applicant’s primary residence is located within the City of Ripon, the City of Ripon’s zip code, or the City of Ripon’s planning area as defined in the Land Use Element of the General Plan as of the date of application. The applicant must produce evidence of primary residence. Evidence may be a copy of a deed, lease, rental agreement, rent receipt, utility bill, or other documentation that indicates primary residence.

For the purposes of the BMR Plus Housing Program, an applicant will be determined to work within the City of Ripon if the primary place of employment for at least one member of the applicant’s household is located within the City of Ripon, the City of Ripon’s zip code, or the City of Ripon’s planning area as defined in the Land Use Element of the General Plan as of the date of application. If the applicant holds more than one job, the “primary place of employment” will be determined by the location of the job providing the greater annual income. If the applicant does not have a fixed place of employment, such as delivery personnel, repairpersons, or similar positions, the “primary place of employment” will be determined by the location where the most time employed is located. The applicant must produce evidence of employment and evidence may be pay stubs, W-2 forms, tax returns, employer certification, or other documentation indicating employment at a certain business location.
