Plan expenses that may be charged to Plan Participants

The Plan will pay some or all Plan related expenses except for a limited category of expenses which the law requires the employer to pay. The category of expenses which the Employer must pay is known as "settlor expenses." Generally, settlor expenses relate to the design, establishment or termination of the Plan. See the Plan Administrator for more details. The expenses charged to the Plan may be charged pro rata to each Participant in relation to the size of each Participant's account balance or may be charged equally to each Participant. In addition, some types of expenses may be charged only to some Participants based upon their use of a Plan feature or receipt of a plan distribution. Finally, the Plan may charge expenses in a different manner as to Participants who have terminated employment with the Employer versus those Participants who remain employed with the Employer.
