

 **Hinge Health** |  **PRISM** |  **Carrum Health**
Better Surgeons. Better Results

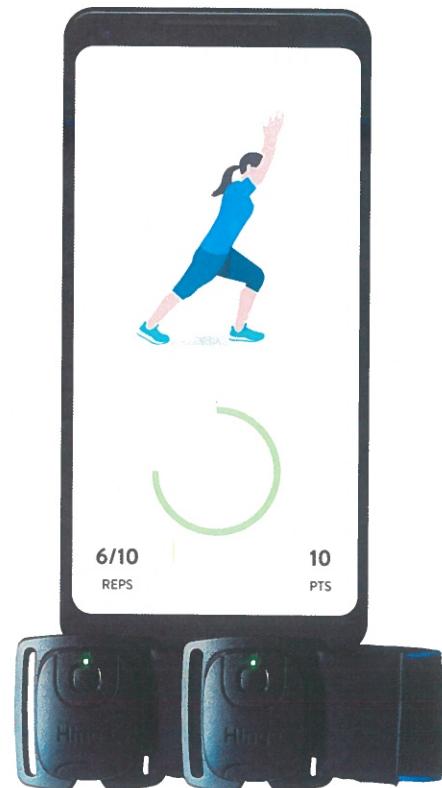

Conquer back and joint pain without drugs or surgery

You and your eligible family members get **free access** to Hinge Health's programs for **back, knee, hip, shoulder, neck, and other pain**, which may include:

- Wearable sensors for live feedback in the app
- Unlimited 1-on-1 health coaching
- Personalized exercise therapy

Over 180,000 members have joined our programs so far, and cut their pain by nearly 70%!

Eligibility: Members, pre-65 retirees, and dependents 18+ enrolled in a PRISM medical plan through Anthem or Blue Cross Blue Shield of California are eligible (includes EPO, PPO, and HDHPs).

What is Hinge Health?

How does the program work?

Hinge Health is an exercise therapy program designed to address chronic **back, knee, hip, neck, shoulder, or other pain**. It's convenient and fits your schedule – it can be done anywhere, at any time.

What does the program include?

- Personalized exercise therapy** to improve strength and mobility in short, 15-minute sessions
- Personal care team** to provide care, motivation, and support virtually
- Interactive education** to teach you how to manage your specific condition, treatment options, and more

What results do participants see?

- 60% average pain reduction
- 2 out of 3 surgeries avoided

Who is in my care team?

Your care team includes a personal health coach and physical therapist. You will work with the same care team throughout your entire experience.

How much does the program cost?

It's **free** for eligible participants. This includes the Hinge Health kit, which you can keep forever.

Who is eligible?

Members, pre-65 retirees, and dependents 18+ enrolled in a PRISM medical plan through Anthem or Blue Cross Blue Shield of California are eligible (includes EPO, PPO and HDHPs).

How do I apply?

Take a short online questionnaire following the link below, telling us about your pain. No referral or diagnosis needed from a doctor.

What's inside the Hinge Health kit?

You'll receive wearable motion sensors that give you live feedback during exercises.
