CITY OF RIPON
PUBLIC FACILITY FINANCING PLAN ANNUAL PROGRESS REPORT
“PFFP REPORT”
2019-2020

SUMMARY:

Public Facilities Fees are charged by local government agencies in connection with approval of development projects. The purpose of these fees is to defray all or a portion of the cost of public facilities related to the development project. The fees imposed on new development are based on the Public Facility Financing Plan Fee Justification Study for the City of Ripon report that includes a detailed study of the impacts of future growth on local facilities. This report was updated by Goodwin Consulting Group on March 1, 2017 and adopted by the City Council on March 14, 2017.

A separate fund for each fee category has been established to account for the revenue collected and the expenses incurred related to each category. A description of each of these fees is noted below:

- Corp Yard Fee - This fee is charged to pay for necessary facilities at the corporation yard that are needed to support new growth.
- Library Fee - This fee is charged to pay for expansion and improvements to the library that are needed to support new growth.
- Parks Fee - This fee is charged so that the parks system can be expanded or improved as new growth is added to the city.
- Police/City Hall Fee - This fee is charged to pay for needed expansion to city hall and the police station as needed to support new growth.
- Refuse Fee - This fee is charged to purchase new equipment necessary to support new growth.
- Storm Drain Fee - This fee is charged to provide for facilities necessary to handle storm water runoff to support new growth.
- Transportation Fee - This fee is charged to provide for necessary improvements to the transportation system that are needed to support new growth.
- Wastewater Fee - This fee is charged to provide for expansion of the sewer system to support new growth.
- Water Fee - This fee is charged to pay for expansion of the water system that is necessary to support new growth.

State law (adopted as 1987’s AB1600 and commonly referred to as “AB1600 requirements”) requires any local agency that imposes development impact fees to prepare an annual report providing specific information about those fees. State law requires the City prepare and make available to the public the PFFP report within 180 days after the last day of each fiscal year. The City Council must review the annual report at a regularly scheduled public meeting not less than fifteen days after the information is made available to the public.

According to the law, the City is required to report the following items:

- A. A description of the fee
- B. The amount of the fee
- C. The beginning and ending balance of each account
- D. The amount of the fees collected and the interest earned
- E. An identification of each public improvement of which fees were expended and the amount of the expenditures of each improvement, including the total percentage of the cost of the public improvement that was funded with fees.
- F. An identification of an approximate date by which the construction of the public improvement will commence if the City determines that sufficient funds have been collected.
- G. A description of each interfund transfer or loan made
- H. The amount of refunds made.

CONCLUSION:

In accordance with the provisions of the California Government Code, I hereby submit the Public Facilities Financing Plan Annual Progress Report ("PFFP Report") for fiscal year ended June 30, 2020. This report provides the information required by Government Code Section 66006(b)(1). It is being submitted to the City of Ripon City Council for review at a public meeting on December 8, 2020. The report was available to the public at least 15 days prior to the meeting.
